

Date Effective: May 1, 2021

AVAILABILITY

Available to consumers of the Cooperative located on its lines and within its service area for the purpose of lighting an outdoor area; all subject to the established rules and regulations of the Cooperative.

CHARACTER OF SERVICE

This rate applies to electric outdoor lighting service used by any governmental authority for lighting streets, and by consumers including, but not limited to farms, residences, churches, schools, community houses, and other commercial or industrial customers.

Service under this rate schedule will be furnished from dusk to dawn, all night, every night or approximately 4043 hours per year. This service will be furnished with the Cooperative's standard lighting luminaires controlled by a photoelectric switch for turning the light on at night and turning it off at daylight. All lighting equipment including lamps, fixtures, controls, and the necessary lighting circuits will be furnished and maintained by the Cooperative.

The monthly charges are based upon lights connected ahead of the meter and installed on facilities owned by the Cooperative and used for distribution of retail electric service and lights connected to existing secondary circuits, with arm or bracket length not exceeding 6 feet.

AREA LIGHTING / OPEN BOTTOM

Type I	LA40	40 Watt	\$7.70
Type II	LA60	60 Watt	\$11.70

ROADWAY LIGHTING

Type I	LR70	70 Watt	\$13.60
--------	------	---------	---------

ROADWAY LIGHTING (CON'D)

Type II LR170 170 Watt \$22.65

POST-TOP DECORATIVE LIGHTING

Revolution LPR50 50 Watt \$15.45

Contemporary LPC60 60 Watt \$12.15

Acorn LPA50 50 Watt \$25.20

FLOOD LIGHTING

Type I LF200 200 Watt \$22.65

Type II LF260 260 Watt \$46.65

MONTHLY CHARGE (METERED)

Charges for metered lights are based upon lights connected behind the meter and installed on facilities maintained by the Cooperative. The rate covers the initial installation of the light fixture and routine maintenance for the life of the fixture. The energy cost is removed from the monthly charge based on an energy charge of \$0.09761 per kWh.

<u>Type</u>	<u>kWh/mo.</u>	<u>Charge/mo.</u>
LA40M	14	\$6.40
LA60M	21	\$9.70
LR70M	24	\$11.30
LR170M	58	\$17.10
LPR50M	17	\$13.80
LPC60M	21	\$10.20
LPA50M	17	\$23.60
LF200M	68	\$16.10
LF260M	88	\$38.10

ADDITIONAL MONTHLY CHARGE

Added charges for facilities used in addition to existing distribution line poles and used solely for lighting will be as follows:

<u>Facility</u>	<u>Monthly Charge</u>
30' Wood Pole	\$3.60
35' Wood Pole	\$4.00
18' Fiberglass Pole	\$5.50
25' Fiberglass Pole	\$6.40
20' Victorian 2 Black Concrete Pole	\$16.18
30' Concrete Pole	\$8.80
Transformer	\$4.00
8'-23' Lighting Arm	\$1.00

ADDITIONAL FACILITIES CHARGE

Facilities installed solely for lighting purposes not specifically covered in this rate may be subject to an installation charge if it is determined minimum revenue requirements will not be met. Monthly charges for these installations will be computed using the following formula:

$$(\text{Estimated Installed Cost} - \text{Installation Charge}) \times 2\% + \text{Light KWH Usage} \times \$0.09761/\text{KWH}$$

CONTRACT

On any outdoor lighting installation covered by this rate, the Cooperative may require a contract for a term of not less than five years. Installations other than a light served by overhead facilities at residence shall require a contract. Installations involving underground facilities shall require a contract.

TAX CLAUSE

Billings under this rate shall be subject to the Mississippi state and municipal sales taxes and any new or additional taxes imposed upon the Cooperative by any governmental authority after the effective date of this schedule. If these new or additional taxes are allocable to the consumer on a per meter or per kWh basis, they will be added to the bill rendered hereunder directly on the same basis. If, however, the new or additional taxes are not allocable directly, then the total of such taxes paid during the preceding year will be divided by the total kWh sold during the preceding year and all kWh billed under this schedule will be adjusted by the amount thus derived.

ENVIRONMENTAL COMPLIANCE CHARGE

To the above charges for electrical service rendered under this rate schedule, there shall be added an amount per kWh, based upon the Environmental Compliance Charge of the Cooperative's wholesale power supplier.

If the Environmental Compliance Charge per kilowatt-hour (kWh) of power purchased by the Cooperative changes from the base cost of 2.87 mills per kWh, the Cooperative may increase or decrease its rate by an amount sufficient to compensate for the change.

COST OF POWER ADJUSTMENT

If the cost per kilowatt-hour (kWh) of purchased power to the Cooperative changes from the base cost embedded in the Cooperative's rates, the Cooperative may increase or decrease its retail rates by an amount sufficient to compensate for the change.
